Leader: Tim Mueller

## "The Family Mission Statement"

As parents, we have a vision of how we want to raise our children. We often, however, find ourselves going into survival mode as we do our best to handle the crazy that so easily comes with life and parenting. These workshops will offer the opportunity to step outside of the hustle and bustle of the every day, reflect on the direction your family is going and identify changes that can be made to parent with greater purpose.

### Course Description

- Learning through 4 interactive workshops
- Diving into God's Word to find out what He says
- Developing your own family mission as you identify characteristics to foster in your children as they grow up
- All are invited, but catered for parents with kids in 3rd grade and below

**Register at [www.theg2glife.org](http://www.theg2glife.org) by February 20, 2018**

Registration required that we may plan accordingly for course materials as well as Sunday School attendance accommodations. Children are welcome to attend Kid's Bible Time or Nursery Care during the workshops.
